

Press release

Date: 02.04.2015

Publication of state financial statements for 2014

As of today, the state financial statements for 2014 have been posted in electronic format on the website of the Federal Finance Administration (FFA). The hard copy will be released on 21 April 2015. In addition to the state financial statements, the Federal Treasury activity report will be published.

The Federal Council adopted the financial statements on 25 March 2015 and submitted them to parliament. The state financial statements for 2014 give detailed information on the financial situation of the federal budget.

Supplementary publication

- Federal Treasury activity report 2014: the report provides an in-depth insight into the tasks of the Federal Treasury and explains the strategy and implementation of debt, liquidity and foreign exchange management.
